Don't be discouraged! I know of a number of people in your shoes!!!

You need someone like me who can mentor you thru' out the process. Someone full of ideas and ready to take risks with! You need to associate yourself with the right people who will understand your frustrations.

I have a solution for you:

Owing money is an integral part of life for most people. Whether it's a home-loan, car finance or a credit card balance hanging over your head like the Sword of Damocles, there is always a way to reduce debt, without major lifestyle changes. Starting a low start-up cost home-based business that doesn't take up too much of your time is a good way to earn a second income and get back in the "black". Here are six great debt-killers...

Question 5:

Sent: 20 July 2007 11:17 AM
To: Wonga Ntshinga
Subject: RE: These are all great ideas.

Is some sort of pyramid scheme?

Answer 5:

Hi Gcobisa,

All my life, I have been searching for business. I tried **AMWAY, ISKHUS** (introduced by Sivuyile Hlam), **IFA** (introduced by Ditaba Moeketsi), and etc. These networks never worked for me! I wanted something where I am my own boss! I mean real boss! Not a boss that is controlled by some network! I came across these methods...and my life is changing...

Let me know if you are interested in killing your debt!

Just reading about something won't make it happen though!

Question 6:

How much will it cost me to get the 2 new methods? Can you forward me the modified versions of 1 & 4? I'm supposing they are free
Gcobisa

Answer 6:

Hi Gcobisa,

It will not cost you a cent! All those who supported me with either R 25 or R 40 get the new and modified methods **free of charge!**

Let me know if you want me to forward these methods to you!

Wonga

Question 7:

Tel me, which of the methods are you using....I want to choose the one that will be easier for my mom and sista to do...

Jabu

Kindly advice which one is the best etc.

Regards,

Faith

Answer 7:

I am using a number of methods and I concentrate mainly at methods: 3, 7, and 8.

Question 8:

Also wonga, just to be sure. You'll be giving me this information for R48. And should i be happy with what i hear and/or should i find out that one of these methods work, there won't be any further fees/payments required? Thanks, Tumi.

Answer 8:

Hi Tumi,

Best mode of communication – I am available in any of the following: e-mail, one-to-one, Cellphone, website, etc.

Payment – Internet transfer or bank deposit.

And yes, the amount is refundable, and there are no other payments to be made to me but to your business.

Question 9:

Are these methods designed by you Wonga? How long do I take to ask for refund? Do I get income/profit/40Ks the same month? How hard do I need to work on executing the methods before I get 40Ks a month?

Answer 9:

Hi Tshego, No the methods are not designed by me. I have though thoroughly researched the methods and they all work! I have focus my energies on 3 methods and they work very well for me. Other people who have bought these methods from me are very happy with them! Others have reported back to me about their experiences. I have used their experiences to panelbeat my methods as well (hence one needs to always get the updated methods). For example, if you bought methods in 2007 like Jabu et al. and you did not do anything about those methods then you surely need the latest methods so that you learn from our experiences. For a start, you will have to work hard to initiate your business, but after that, you will sleep while you make extra passive income! All you need to do is deposit R 40 into my account, inform me, and the methods will be forwarded to you. My banking details are as follows:

Account Name: L. Ntshinga, Account No.: 9043548565 (Savings), Bank: Absa, Branch Code: 632005

Remember, you have nothing to loose!

Wonga

Question 10:

I am using Method 4....Unfortunately, there is not much testimony on my side that Method 4 is working for me...as it looks like it needs me to do extra marketing and I don't have that time now...I am not a sitting duck...I have generated a lot of extra income over the past years and hence I hardly owe anyone... Just for the record..those methods are good (I mean it) but they are not "Lotto"...you need funding, assets, and so on for some of them to fully benefit you as a person...so don't expect just quick quick results like in tendering.

Answer 10:

Jabu, thanks for confirming that you are using Method 4. May I suggest we look at ways of fully capitalising on Method 4? I am glad that you have confirmed that you are doing something about my methods...I urge others to also join Jabu!

Question 11:

Hi Wonga is it possible to meet with you to discuss some methods, thanks.

Answer 11:

Due to popular demand of the above business models, I will be doing workshops/presentations and one-to-one sessions. If you would like to be part of this, please e-mail me and tell me if you prefer: Workshop or One-to-one session
I will then contact you ASAP for more details.

Question 12:

So after depositing the money you will send the guide through to me by which means? E-mail or postage?

Answer 12:

E-mail since it is quicker!

Comment 17:

Afternoon, For some reason my curious hand landed me in your website. I'd like to know the costs of these 'business opportunities/methods that turn a hopelessly negative cashflow to a healthier positive cashflow permanently. And, also out of curiosity...which one comes highly recommended. B

Comment 18:

Thank you so much for the information given; it is really an eye opener.

I like method 2,4,5

Can you also share with me seven ways to cash in your car?

I am interested in property opportunity and investment. I have registered a construction company which one of the principal function is property development & investment, but hasn't got anything yet from anyboby.

I have a bakkie which I only use after work occasionally so I want it to give some cash kindly advice on that note.

Thanking you in advance.

Job

Comment 19:

The methods are not bad...people who wants more ideas to supplement their income must buy them (I recommend)

Jabu

Comment 20:

Thank you very much for your feedback, I appreciate it. I will look into the scenario and maybe make use of your ways to generate extra income. Have a nice day
PJ

Comment 21:

Stop wasting your time Wonga, some people are not meant for business, anyone who is serious about business will see that there is nothing to lose. R40 is chips compared to the possibility of being financially free. The and one was a classic, our did not have one, I started asking around and somebody else beat me to it, you have to be shrewd and fast to make the ideas work, there's no time for doubts, like any business you must do your market research.
V

Comment 21:

I've received yr business methods yesterday, sounds interesting. I'm not really a business person but m going 2 give it my best shot, please send me "cash in on yr car" as well. Lindiwe.

Comment 22:

He he !! I give up just send me the methods I can see money already coming my way !! I am thinking of starting with method 6 as we had initial discussed the method with my brother but never pursued it. I intend to discuss the method with him but I am a bit worried about the XXX do you have a sample XXX that you could show us. I am quite fascinated by the target market and I think XXX would present an ideal occasion and the XXX.

Comment 23:

I reached the point where am enough working for someone, to put it bluntly am *gatful* forgive me the language. i am looking for my own, its tough though but i can see the light. Thank you for you motivation, i think i have uku sabela my calling because i believe i have too much potential. I am scared to die without fulfilling my purpose, which it will be the greatest sin of all. I am trusting in the Lord that all will go well. It is time, ke nako for Tk.

Comment 24:

I plan on sharing these with my entire family. My mom currently has method 4 in place at home but I've heard her complaining about how little she makes. I'll ask her the details of how her current setup works exactly and then see how I can perhaps help. Nandipha

In a nutshell

To beat debt you need a plan. These "part time" business ideas, if managed with enthusiasm and discipline, will not only get you out of the red, **but will help you build a growing asset base.** Good luck! Please let me know if you want me to join you on any of the methods!

Sharing my knowledge with you is the proof that I strongly believe in the principle of "let the sun shine on all of us". If you share this view with me and you find the information in this e-mail of any value, please forward it to a friend and let the sun shine on him or her as well.

Warm regards
